

Summer is Coming! What Now????

June 2020

Dear Families!

Hats off to everyone! You did it! You helped your children navigate Distance Learning!

Now we can look ahead to summer, a time to relax and refresh. Summer has always been a time for family and fun, but it also has been time for 'forgetting'... Forgetting Math, ELA, Social Studies, Science, and, yes, even Religion!

Here are some suggestions to help not forget everything you worked so hard to learn...

- **i-Ready.** i-Ready WILL continue to be available during the summer. Continuing to use i-ready will help you child practice reading and math.
- **'Bridge' workbooks.** These are workbooks designed for students to cover topics learned in the current grade level and prepare for topics coming up in the next grade level. For example, Kindergarten to First Grade; First Grade to Second grade; etc. Some series even include Social Studies and Science topics. In past years, these workbooks have been available at Wegmans and Barnes and Noble.
- **Summer tutoring.** Some SRS teachers will be available for tutoring this summer. They offer this on their own and the tutoring is not sponsored by the school. These individual teachers set the dates, times and place of their tutoring. In the past most have met their students in a town library, but this may not be an option this year. If you are interested, (this is not a commitment), please email Mrs. Perryman at eileen.perryman@dor.org. for further information.
- **Religion.** Read and share the stories in your child's Religion workbook! There are stories about Saints, Scripture, modern-day people who help spread the Word of God. What better opportunity to read together than to share the stories as a family!

~READ and PRAY every day~

Many blessings for a safe and happy summer!

Mrs. Eileen Perryman
